Just because you buy your LVL and I-joists from an Australian-based company, you can't assume that it has been made in Australia from Australian timber.

Wesbeam is Australia's only home-grown manufacturer and supplier of LVL and LVL I-joists. We are the only LVL supplier that can trace the timber it uses which means that we're in control of the whole process.

From sourcing the sustainable forest timber through to the manufacture, design support, and Australia wide distribution, we know its Australian.
